

An isometric illustration on a teal background. A large, dashed white wireframe cube is the central focus. Inside the cube, a smartphone is shown with a magnifying glass over a lock icon on its screen. To the right, a person is interacting with a keyboard where each key is a star, with a magnifying glass over a lock icon on one of the keys. Above the cube, a person sits on a laptop, and another person stands talking on a mobile phone. Below the cube, a person walks with a backpack, and another person stands next to a large tablet displaying the word 'PRIVACY' and a person's profile. To the right of the cube, a person talks on a mobile phone with a lock icon in a speech bubble. The central text 'La protection de la vie privée c'est l'affaire de tous' is written in white, bold, sans-serif font across the middle of the cube.

# La protection de la vie privée c'est l'affaire de tous
