

A large thought bubble graphic. At the top right of the bubble is a small orange square with a white question mark. Inside the bubble, the word "TRUST" is written in large, brown, hand-drawn letters, with the final "T" circled in orange. Below "TRUST", the word "Timely" is written in a cursive font and underlined. Below the underlined word is a paragraph of text: "Processing procedures should be time-efficient. When processing data, consent from data subjects should be obtained in advance. Furthermore, data leaks should be immediately responded, along with regular review and risk assessment. The principle of limitation periods should be observed, i.e., to delete data when appropriate." To the left of the text is an illustration of several yellow padlocks, some open and some closed. To the right of the text are two pencils, one yellow and one blue. The background of the thought bubble is filled with yellow speech bubble outlines.
